2. „ Krishnappa of Akkihebbal, Krishnarajpete Taluk.

Read accounts of Receipts and Expenditure for the months of December 1893, January, February, and March 1894. The Receipts for the four months amount to Rs. 29,421-10-9, and the Expenditure to Rs. 11,323-12-11. The accounts are passed. (Appendices A and B).

2. The list of works on which expenditure has been incurred by the Public Works Department was read and recorded. (*Vide* Appendix C).

3. The Amildar of Seringapatam urged that the road from Sivahalli to Melkote should be taken up. The work has been provided for in the Budget for 1893-94, but the estimate is still under preparation. The Executive Engineer will expedite the preparation of the estimate.

4. The list D, hereto appended, shows the works sanctioned to be carried out by the Revenue Officers from the District Funds. The statement was read, and as sanction was received late for many of the works shown therein, it was resolved to complete those works which have already been taken up, by the end of this official year, to give up some works, and to use the funds provided for some of the works for some other more pressing purposes as per remarks in the list.

5. The annexed statement E exhibits works sanctioned out of the grant of Rs. 6,000 from Local Funds General. The progress of these works is described in the column of remarks.

6. Mr. Thomas Inman proposed that the Public Works Department Sub-Division Officers be made members of the District Fund Board, so that the Board may be benefited by their local experience. Dr. Benson had no objection to make to this proposal, although the number of members would be too many. The Amildar of Mandya was also in favor of this proposal. The Amildar of Seringapatam observed that local wants are not known to the Public Works Department Sub-Divisional Officers, and consequently very little benefit would accrue by their being made members of the Board. The President, other Amildars, and the Non-Official Members were against the proposal.

8. Proposed by Dr. Benson that the midwife now at French Rocks be transferred to Seringapatam. Carried.

[*Note.*—A separate midwife having since been appointed to Seringapatam, this resolution was not carried out].

9. Dr. Benson further proposed that there should be two separate Dispensaries, one at Ganjam and the other at Seringapatam. The Hospital Assistant at Ganjam to be a Muhammadan, and the one at Seringapatam a non-Muhammadan. The Amildar seconded the proposal, and it was agreed to by all the members. The Amildar will consult the Municipal Board as to accommodation.

10. There is a vacancy in the Membership of the Seringapatam Taluk. The Amildar has been directed to choose a proper man and recommend him for being enrolled as one of the Members of the Local Fund Board of this Circle. The Amildar will expedite his report.
